

From the New Thought School: Unexpected Income Prayer

- I know that the Universe is **the source of all supply**, and money is the Universe in action.
- I know that my good and my wealth are now freely flowing to me so generously that I can't even use it all, and I have an **abundance to spare and to share, today, and always.**
- I expect "Unexpected Income!" always. I know that the Universe is now giving this to me, and I accept it as Truth and I'm grateful.
- All streams of financial supply are now open to me and **I am richly, bountifully and beautifully prospered** in every perfect way.
- I know that true Prosperity includes the demonstration of gorgeous living conditions, right actions, and all kinds of health and happiness. **True wealth, true health, and true happiness!**
- This word, which I speak in faith, believing, now activates the Law of Increased Universal Good for me, **and I expect to see rich results now!**
- I visualize the financial abundance I expect. I see it coming to me richly and abundantly. **I allow it, I claim it, and I accept it** for myself now.
- I'm grateful in advance! **I bless all the good I now have**, and bless the increase.
- I bless all others on this journey, and I know **we are now all prospering together** in every good way, and share the good we receive.
- I now freely **open my heart and give generously.** My giving is making me rich! The Universe gives me rich, **lavish financial blessings** now!

This is now so.

I am grateful.

Thank you. Thank you. Thank you!

Note: Say this prayer aloud twice daily for 21 days.
